

ePayment General Information

Renaissance College has set up an ePayment system to save parents from sending cash and or checks to meet miscellaneous fees at the College.

The miscellaneous fees cover a wide range of incidental expenses and activities such as stationery, Chinese textbooks, exercise books, swimming, Challenge program activities, field trips, festivals, sporting trips, etc.

Each student will be assigned a personalized ePayment account in the ESF Gateway System in which school will debit the account for the activities undertaken individually. You will be able to check the account details, balance and transaction records online via the ePayment module in the ESF Gateway System.

For the system to work effectively however, parents are asked to add credit to their account. You may top up the balance in the ePayment account via PPS, Internet Payment Services or by check.

Parents are notified before an amount is debited from their accounts. Should your account have insufficient funds, an email will be sent to you to request for additional deposit

Epayment System General Info and Payment instruction can be found in Renaissance College's web site:
